## Technical sheet

## BAR1210GAL

## High resistance protection barrier - 1000x1200 - galvanized steel

Protective barrier designed to shield fragile or hazardous installations from impacts. Made of steel coated with epoxy paint. Phosphatization before painting increases corrosion resistance and improves paint adhesion. Available in various sizes. Fasteners not included. Do not install in saline or hydrocarbon environments.

 Customs code
 7326909890

 EAN
 3321360052964

Color: Grey

Material: Galvanized steel

## **Specifications:**

- Protective barrier designed to protect fragile or hazardous installations from impacts.
- Galvanized steel.
- Fasteners not included.
