BAR400GAL

Steel protection barrier with plate-tube Ø40mm-galvanized

Protection barrier with Ø 40 mm steel tube, horizontal crossbar, and fixing plate. Ideal for ensuring the safety of people around high-risk areas, parking lots, etc. The plates are offset to minimize the gap between the barriers. Made of galvanized steel; it is advisable not to install them in salty environments or in prolonged contact with hydrocarbons. Available in various dimensions, colors, and finishes.

Customs code	7326909890
EAN	3321360023568

Color : Grey

Material : Galvanized steel

Specifications :

- Protective barrier with steel tube and a horizontal crossbar.
- Ideal for ensuring the safety of people in high-risk areas, parking lots, etc.
- Offset plates to minimize the gap between the barriers.
- Available in galvanized steel, stainless steel, or steel with epoxy paint.
