BAR415INOX

Steel protection barrier with plate - tube d.40mm-AISI 304

Protection barrier with Ø 40 mm steel tube, featuring a horizontal crossbar and fixing plates included. Ideal for ensuring the safety of people around risk areas, parking lots, etc. The fixing plates are offset to minimize the gap between the barriers. Made of galvanized steel, it is advisable not to install them in saline environments or in prolonged contact with hydrocarbons. Available in various dimensions, colors, and finishes.

Customs code

7326909890

EAN

3321360026590

Color : Grey

Material : Stainless steel

Specifications :

- Protective barrier with steel tube and a horizontal crossbar.
- Ideal for ensuring the safety of people in high-risk areas, parking lots, etc.
- Offset plates to minimize the gap between the barriers.
