

BAR420GALFIX

Steel protection barrier with plate and fixings- tube Ø40mm-hot dipped galvanized

Protection barrier with Ø 40 mm steel tube, featuring a horizontal crossbar and fixing plates included. Ideal for ensuring the safety of people around risk areas, parking lots, etc. The fixing plates are offset to minimize the gap between the barriers. Made of galvanized steel, it is advisable not to install them in saline environments or in prolonged contact with hydrocarbons. Available in various dimensions, colors, and finishes.

Customs code 7326909890
