

Technical sheet

BAR500GAL

Steel protection barrier with plate -galvanized steel - 500 mm Diameter 60mm

Protection barrier with Ø 60 mm steel tube and fixing plates. Ideal for ensuring the safety of people around risk areas, parking lots, etc. The plates are offset to minimize the gap between the barriers. Made of galvanized steel, it is advisable not to install them in saline environments or in the prolonged presence of hydrocarbons.

Customs code

7326909890

EAN

3321360027320

Color : Grey

Material : Galvanized steel

Specifications :

- Protective barrier with steel tube and a horizontal crossbar.
- Ideal for ensuring the safety of people in high-risk areas, parking lots, etc.
- Offset plates to minimize the gap between the barriers.
- Available in galvanized steel, stainless steel, or steel with epoxy paint.
- Fixings may be included depending on the references.
