Steel protection barrier with plate green - 1500 mm Diameter 60mm

Protection barrier with Ø 60 mm steel tube, featuring a horizontal crossbar and included fixings. Ideal for ensuring the safety of people around risk areas, parking lots, etc. The fixings are included, and the plates are offset to minimize the gap between the barriers. Made of galvanized steel; it is advisable not to install them in saline environments or in the prolonged presence of hydrocarbons. Available in various dimensions, colors, and finishes.
