

Technical sheet

CP1006

cable bridge designed to safeguard cables and hoses during temporary use. Made of rubber with a yellow thermoplastic cover for better visibility, it has 6 channels measuring 25x34mm. It can withstand vehicles weighing up to 30 tonnes but is not recommended for use with forklifts equipped with polyamide or rubber wheels. It's easily portable, interlocks easily with its reversed dovetail tails, and can be secured with 4 attachment points. It can be complemented with angles, intersections, and end caps if needed. Additional adhesive can be used if necessary. Available in various sizes and channel numbers.

Customs code

4016999790

EAN
