Cable bridges 2x35mm

Cable bridge protector designed to safeguard cables and hoses during temporary use. Made of rubber with a yellow PVC cover for enhanced visibility, it has 2 channels measuring 35x35mm. It can withstand vehicles weighing up to 30 tonnes but is not recommended for use with forklifts equipped with polyamide or rubber wheels. It's easily portable, interlocks easily with its H-shaped connectors, and can be secured with 4 attachment points. It can be complemented with angles and end caps if needed. Additional adhesive can be used if necessary. Available in various sizes and channel numbers.
