Rubber Cable protector 3 Channels - yellow

Cable bridge designed to protect cables and pipes. Made of rubber. It has 3 channels: 2 of 20mm each and 1 of 45mm. Capable of withstanding vehicle weights of up to 40 tons, but not recommended for use with forklifts equipped with polyamide or rubber wheels. Easy to transport and interlock due to its reversed dovetail ends and can be securely fastened with 4 attachment points. You can complement it with end caps if needed. Additional adhesive can be used as necessary.

Customs code 4016999790
EAN 3321360031860

Color : Yellow

Material : Vulcanized rubber

Specifications :

- cable bridge for temporary use.
- Recommended maximum crossing speed: 5 km/h.
- Suitable for vehicles up to 40 tons but not recommended for forklift traffic with polyamide or rubber wheels.
