Cable bridge for 2 cable 135x120mm- top loading

Cable bridge to protect cables and pipes when heavy goods vehicles pass through. Its top loading makes it easy to use. Made of rubber with 2 white reflective arrows for greater visibility. Has 2 channels of 135x120mm. Resists the passage of vehicles up to 50T but not recommended for light vehicles or the passage of forklifts, with polyamide or rubber wheels. Supplied with H connection. Add additional glue if necessary. Available in several sizes.

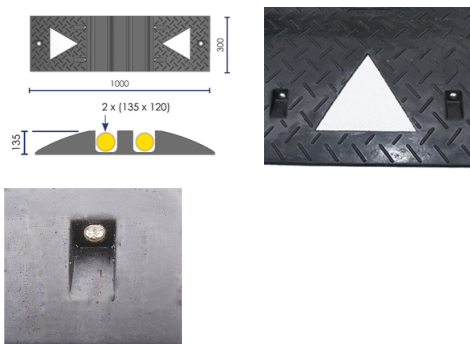

Customs code 4016999790
EAN 3321360016850

Color : Black

Material : Vulcanized rubber

Specifications :

- Cable bridge designed to safeguard cables and pipes.
- Suitable for vehicles up to 50 tons but not recommended for light vehicles or forklifts with polyamide or rubber wheels.
