

Technical sheet

CPR1006

Angle cable bridge designed for temporary cable and hose protection. Made of rubber with a yellow thermoplastic cover for better visibility, it has 6 channels measuring 25x34mm. It can withstand vehicles weighing up to 30 tonnes but is not recommended for use with forklifts equipped with polyamide or rubber wheels. It's easily portable, interlocks easily with its reversed dovetail tails, and can be secured with 2 attachment points. Additional adhesive can be used if necessary. Available in various sizes and channel numbers.
