

Technical sheet

CPR402

30° corner for CP402

Cable bridge protector designed for temporary cable and hose protection. Made of rubber with a yellow PVC cover for increased visibility, it has 2 channels measuring 35x35mm. It can withstand vehicles weighing up to 30 tonnes but is not suitable for use with forklifts equipped with polyamide or rubber wheels. It's easily portable, interlocks easily with its H-shaped connectors, and can be secured with 3 attachment points. Additional adhesive can be used if necessary. Available in various sizes and channel numbers.
