

FLASH106OR

Set of 6 led warning lights 9 position - orange

A case containing 6 lamps with 9 positions each, designed to enhance visibility in hazardous or construction zones. These lamps feature LED bulbs, a magnet on the back, and a lithium-ion battery. They have 9 positions: rotation, quad flash, flashing, alternating flashing, SOS, high-intensity flashing, low-intensity flashing, 2 LEDs on, and 4 LEDs on. The lighting covers a 360° direction and is visible up to 1.6 km. These lamps are unbreakable and waterproof with an IP67 rating. Charging time is 5 to 6 hours. The case includes a base, charging cable, mains adapter, and car adapter.
