Kit of 2 plastic posts with chain - red and white

An economic guidance bollard set designed for easily marking access points, whether temporarily or permanently. It comes with 2 bollards, 2 meters of red/white plastic chain, and 2 faux links for attaching the chain to the bollards. The bollards are user-friendly and are delivered in a space-saving kit. They are made of ABS and polypropylene and have four 10mm diameter holes for attaching chains in four different directions. The chains are sold separately.
