

RTR1101NS

Extension spring

Customs code

7320909000

EAN

3321360014269

Color : Grey

Material : Zinc plated steel

Specifications :

- A tension spring is used in a wide range of environments and undergoes stretching throughout its lifespan.
In what cases is a tension spring used?
A tension spring is used when you need an element that can stretch to exert force and then return to its original length.
- These springs serve as a means of providing recoil and are commonly found in everyday objects, such as garage door springs, linkage springs, windshield wiper springs, cable return springs, and more.

Length (mm)	Diameter (mm)	Thickness (mm)	Net weight (kg)
