

SAFETY25

Speed bump with connecting links-600x500x20

High-visibility speed cushion, 20mm thick, specially designed for warehouses. It features wide Class 1 reflective and anti-slip bands and H-links to connect the speed cushions and strengthen the installation. Made from vulcanized virgin rubber, it can withstand the passage of 40-ton trucks, as well as exposure to grease, bases, and acids. Avoid prolonged contact with hydrocarbons. Fixings are optional.
