

# Technical sheet

## STOPWHEELPASS/1

This parking barrier is sold with a single-lock system, but you can use a PASS key (master key provided separately) to open other barriers if needed. Ideal for use in a shared property, for instance, where the concierge can easily unlock all barriers with one key, but other occupants cannot. The two Class 1 reflective red stripes enhance visibility. The feet are made of zinc-plated steel. Concrete fasteners are included.

**Customs code** 7326909890  
**EAN** 3321360055347

**Material :** Galvanized steel

### Specifications :

- Parking bollard for reserving a parking space.
