

TAF91200GRHD

Anti-fatigue mat -INDUSTRY- 200 x 91 cm Thickness 12.5 mm-Grey

Designed for everyday comfort and optimal durability, this anti-fatigue mat is ideal for daily standing tasks requiring sustained comfort for up to 8 hours. Its 12.5 mm thick high-density foam offers enhanced cushioning and excellent pressure distribution for standing work. It is recommended for daily standing tasks (8 hours shifts) in dry environments, for average and/or larger users (not recommended for use with oils, in damp environments, low resistance to chemicals).

It is ready to use: the floor must be clean and dry, free from dust and grease. Simply unroll the mat, remove the protective film and press down to secure it in place.

Customs code 39269097
