

Technical sheet

TPA660VE

Flexible bollard with memory shape that does not damage vehicles. In case of impact, the bollard deforms to return to its original shape without breaking the seal. Used for separating areas in the city and in parking lots. Very high visibility at night thanks to 3M reflective strips. Made of polyurethane. High resistance against salt, chlorine, and other chemical agents. Steel anchor included. Available in various dimensions and colors.

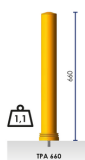

Customs code	3926909790
EAN	3321360020802

Color : Green (RAL6024)

Material : Polyurethane

Specifications :

- Flexible memory-shape bollard that does not damage vehicles.
- In case of impact, the bollard deforms and returns to its initial shape without breaking the anchoring.
- High visibility at night thanks to 3M reflective strips.
- Highly resistant to salt, chlorine, and other chemicals.
