Flexible bollard - to embed - ball head - black-H1130mm-/Ø100

Black memory-shape flexible post with a 100mm diameter and a ball head to avoid damaging vehicles. In case of impact, the post deforms to return to its original shape without breaking the seal or the fastening. Resistant to tearing, pulling, and breaking. Used for separating and protecting different areas in the city and parking lots. Height above ground: 930mm. Can be directly embedded in the ground or in an optional box for removability. Several optional features available: chain ring, reflective strip, fastening, specific colors.

Customs code

3926909790

EAN

3321360026620

Color : Black (RAL9005)

Material : Polyurethane

Specifications :

- Flexible memory-shaped bollard designed to prevent vehicle damage.
- In case of impact, the bollard deforms to its initial shape without breaking the anchoring or fixation.
- Resistant to tearing, pulling, and breaking.
