Flexible bollard to fix 400mm - d.100mm- black

Black memory-shape flexible post with a 100mm diameter and a cylindrical head to avoid damaging vehicles. In case of impact, the post deforms to return to its original shape without breaking the seal or the fastening. Resistant to tearing, pulling, and breaking. Used for separating and protecting different areas in the city and parking lots. Height: 400mm. To be directly fixed into the ground. Fastening not included. Several optional features available: chain ring, reflective strip, fastening, specific colors.
