Flexible post - to fix on the ground - cylind head - black-H800/Ø100

Black memory-shape flexible post with a 100mm diameter and a cylindrical head to avoid damaging vehicles. In case of impact, the post deforms to return to its original shape without breaking the seal or the fastening. Resistant to tearing, pulling, and breaking. Used for separating and protecting different areas in the city and parking lots. Height: 800mm. To be directly fixed into the ground. Fastening not included. Several optional features available: chain ring, reflective strip, fastening, specific colors.
