

TPX1110CNJ

TPU post to embed H 1130/ 930 mm - d 100 mm - black/yellow

Flexible memory-shape safety post with a 100mm diameter and a cylindrical head, designed to prevent damage to vehicles and equipment. In case of impact, the bollard deforms and then returns to its original shape without breaking the anchoring or mounting. It is resistant to tearing, pulling, and breaking. Typically used for separating and protecting different areas in warehouses. The above-ground height is 930mm. It can be permanently anchored directly into the ground or made removable by placing it in an optional ground box. Multiple options available, including chain rings and ground boxes.

Customs code	3926909790
EAN	3321360026651

Color : Black/Yellow

Material : Polyurethane

Specifications :

- Flexible memory foam protection post prevents damage to vehicles and equipment.
- In case of impact, the bollard deforms and returns to its initial shape without breaking the anchoring or attachment.
