

TPX40NJ

Flexible bollard Ø100mm x 400mm - crown head- with plate - yellow/ black

Flexible memory-shape safety post with a 100mm diameter and a cylindrical head, designed to prevent damage to vehicles and equipment. In case of impact, the bollard deforms and then returns to its original shape without breaking the anchoring or mounting. It is resistant to tearing, pulling, and breaking. Typically used for separating and protecting different areas in warehouses. The height is 400mm, and it is directly anchored into the ground.

Customs code	3926909790
EAN	3321360027832

Color : Black/Yellow

Material : Polyurethane

Specifications :

- Flexible protective post: does not break or bend.
- To be fixed directly to the ground with a steel plate: 4 TPUFIX1SB fixings (optional).
- Indoor/outdoor use.
