

TPX60NJ

Flexible bollard Ø100mm x 400mm - crown head- to embed - yellow/ black

Flexible memory-shape safety post with a 100mm diameter and a cylindrical head, designed to prevent damage to vehicles and equipment. In case of impact, the bollard deforms and then returns to its original shape without breaking the anchoring or mounting. It is resistant to tearing, pulling, and breaking. Typically used for separating and protecting different areas in warehouses. The above-ground height is 400mm. It can be permanently anchored directly into the ground or made removable by placing it in an optional ground box.

Customs code	3926909700
EAN	3321360029720

Color : Black/Yellow

Material : Polyurethane

Specifications :

- Flexible protective post: does not break or bend.
- To be fixed directly into the ground.
- For indoor/outdoor use.
