TRAVOLITE

Plastic frame + fabric 3 pannels barrier-1700x1000

Intervention barrier perfect for partitioning off an area or creating a passage. Lightweight and very stable with its 3 panels, it is easy to install and transport. Made with a PVC structure and polyester panels. Highly customizable, the barrier can be extended with additional sections, bases, and a transport bag. It can adapt to all circumstances with various models and customization options (fabric type, color, printing, finish). The fabric is sewn on and it comes with all the necessary connectors.
