

Technical sheet

VELO75DUO

Base for securing one leg and a lateral extension for the modular bike hoop of 75 x 60 cm - 50 mm diameter. Thanks to the possible combinations between the hoops, bases, and different extensions, it allows you to create a 'custom' bike storage space. Ideal for company parking lots or public areas. Fixations between the different elements are provided. Ground fixations are optional.

Customs code	7326909890
EAN	3321360056672

Color : Grey

Material : Galvanized steel

Specifications :

- Base with one foot and a lateral extension for modular bicycle bollard of 75 x 60 cm - 50 mm diameter.
